

## Group 2 for project in Discrete Math spring 2018

| Project Number | Name                              | Name          | Oral Presentaion of problem |
|----------------|-----------------------------------|---------------|-----------------------------|
| 12             | Luke Silvestre                    |               | 4                           |
| 13             | Hong Sun                          | Xingchen Lu   | 1                           |
| 14             | Khalid Oyeboode                   |               | 2                           |
| 15             | Mantas Rakštys                    | Evan Huynh    | 3                           |
| 16             | Yi Qi Chen, Lin Wei Chen          | Jinzhe Zhao   | 2,4                         |
| 17             | Abdulrahman Al Allaf              |               | 1                           |
| 18             | Rasmus Svensson                   |               | 2                           |
| 19             | Hailing Zhang                     | Qian Xu       | 3                           |
| 20             | Junliang Hu                       | Desheng Zhang | 4                           |
| 21             | Elise Anjel                       | Timothy Björk | 4                           |
| 22             | Erik Johansson, Joakim Rosenkvist | Eric Enoksson | 1,,4                        |
